

BLOOD TRANSFUSION ARTEFACT RECORD	
NUMBER	AA-006
ITEM / TITLE	550ml GLASS MRC BLOOD BOTTLE
PHYSICAL DESCRIPTION	An empty glass blood bottle with STERILE label (red writing) attached. Metal screw cap with single centre hole – rubber bung underneath, together with a sample ('bijou') bottle in a metal collar.
OTHER INFORMATION	<p>Label (number N.B.T.S. 12) states: NATIONAL BLOOD TRANSFUSION SERVICE STERILE <i>Date:... 30 MAY 1980</i> <i>Batch No....B9278</i></p> <p>Note: It is unlikely that the sterile label date for the blood bottle and the presence of the bijou bottle are date matched as plastic collection packs were introduced in England in the mid-1970s. It is therefore highly likely that this combination was used for demonstration purposes only.</p>
