

BLOOD TRANSFUSION ARTEFACT RECORD	
NUMBER	AA-055
ITEM / TITLE	CMV ANTIBODY NEGATIVE BAR CODE LABELS
PHYSICAL DESCRIPTION	Small (approx. 1 x 0.75 inch) white adhesive labels with 'CMV ANTIBODY NEGATIVE' in red writing – each label also has a bar code – produced in strips on backing paper.
OTHER INFORMATION	These labels were used for labelling blood donations found to be cytomegalovirus (CMV) antibody negative, which could then be selected for 'high risk' patients.
