

BLOOD TRANSFUSION ARTEFACT RECORD	
NUMBER	AA-014
ITEM / TITLE	RUBBER TUBING BLOOD ADMINISTRATION SET IN A GOLD TIN
PHYSICAL DESCRIPTION	A gold tin (approx. 26 x 11 x 5 cm) containing a rubber tubing administration set joined by metal connectors that incorporates a glass drip chamber, attached needle and a glass 9-inch airway tube through a rubber bung that has a metal gauze filter sleeve.
OTHER INFORMATION	The tin lid has a hand-written 'label' stating '1 GIVE SET (1)' but there is no other labelling on or inside the tin to identify its origin or date. The set is wrapped in brown paper. Note: This administration set is the same design as AA-015 except that the metal gauze filter sleeve is replaced by a knitted cotton one.
