

BLOOD TRANSFUSION ARTEFACT RECORD	
<b>NUMBER</b>	AA-016
<b>ITEM / TITLE</b>	RUBBER TUBING BLOOD COLLECTION SET IN A GOLD TIN
<b>PHYSICAL DESCRIPTION</b>	A gold tin (approx. 26 x 11 x 5 cm) containing a rubber tubing blood donation set comprising a length of rubber tubing that incorporates a length of glass tubing, a needle at one end and a rubber bung at the other that includes a short airway.
<b>OTHER INFORMATION</b>	The tin lid has a label stating 'TAKE SET (1)' but there is no other labelling / information on or inside the tin to identify its origin or date. The set is wrapped in brown paper. The blood donor arm needle is contained within a glass tube. The rubber bung is designed to fit into the neck of a glass blood bottle and incorporates a short glass tube airway with a cotton wool padding closure.
